| 10:00-12:00 | <p>Presentation REACT – Tools</p> <p>The Erasmus+ supported Refugees and Recognition – Toolkit 2 (REACT) project aims to establish a more efficient and consistent approach to the recognition of refugees' qualifications in Europe. REACT builds on the first-cycle Erasmus+ project «Refugees and Recognition – Toolkit», where a set of practical tools and procedures for the assessment of refugees' qualifications was identified and developed to constitute the Toolkit for Recognition of Refugees' Qualifications. The main objective of the REACT-project is to test the developed methodology in cooperation with higher education institutions and identify possible pathways for admission of refugee students to further studies.</p> | Mr Erlend Bern Aaser/ Norwegian Agency for Quality Assurance in Education (NOKUT) | Campus TM - Room A210 |
